**Re: Reassignment of N11 Number Code
(Abbreviated Dialing Code)
AMENDMENT, SUPPLEMENT AND WAIVER
to ADVISORY AND PETITION
Docket No. 04-00062**

Ladies and Gentlemen:

On behalf of National A-1 Advertising, Inc ("National"), transmitted herewith is an original plus thirteen (13) copies of this Amendment, Supplement and Waiver to the Advisory and Petition filed with the Tennessee Regulatory Authority ("TRA"), in the above-captioned docket.

It has been brought to the attention of National, Petitioner herein, that the process may begin by which the Federal Communications Commission ("FCC") may be asked to designate the Abbreviated Dialing Code, 811, for use by those responsible for posting the "Miss Utility" or "call before your dig" warnings and notifications. In light of this development, Petitioner amends its request to use 811 in place of the 211 ABD by specifying the ABD 611, also known to be available in Nashville.

At the same time however, Petitioner supplements its Petition as follows. Should there be developments affecting its substitution of the 611 ABD for the 211 ABD, then Petitioner would withdraw this amendment and retain its request for 811. Since there is no official request to the FCC at this time for the use of 811 for the purpose cited; that once that process is begun it requires substantial time to complete, that should that process begin, the possibility that competing interests will seek assignment of 811 and thereby prolong the process; and that after the FCC makes its

decision designating the ABD for use, the process of actually activating the ABD is also time consuming and might not be instituted at all, Petitioner will accept the use of 811 and hold in reserve its request to substitute 611 should such need ever arise.

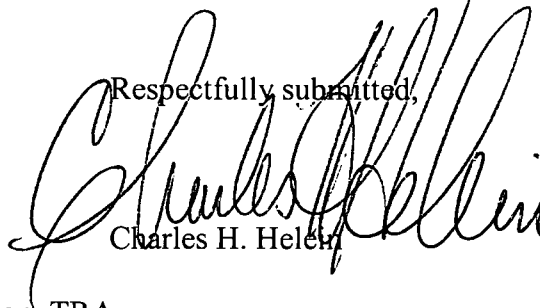

The foregoing reservation for future contingencies notwithstanding, Petitioner requests approval of its use of 611 in place of 811 at this time.

In addition, because all that is requested is a change in the ABD to be used by Petitioner for the same services it is currently conducting with ABD 211; and the costs that would be imposed on all parties, the Commission, BellSouth and Petitioner, it is respectfully requested that the necessity of a hearing on this request is unnecessary and burdensome. It is, therefore, requested that any hearing requirement that otherwise might apply be waived.

An additional copy of this filing is also enclosed to be date-stamped and returned in the postage prepaid envelope provided.

Should there be any questions regarding this filing, kindly contact the undersigned.

Respectfully submitted,

A handwritten signature in cursive script, appearing to read "Charles H. Helmer".
